## Spotting Fakers, Lies, and Illusions Using Elementary Theories about the Mind: Discover How to Give Your Lie Detector a Permanent Turbo Boost (Paperback)

By Miklos Zoltan

Clear Think Publishing, United States, 2013. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Liar detection that works Spot liars by their actions. This requires that we learn to pay more attention to the actions of people instead of their words. It may take a bit longer than going by first impressions but trust me, it's worth the effort. When the time comes to choose a business or life partner, you'll thank yourself for every effort you made to be better at detecting lies, false information and liars. Not to mention when the time comes to pass that knowledge to your children. Surely you don't want to send them out into the jungle unprepared. That's it? Spot liars by their actions? Of course, it is easier said than done which is why I wrote a book on the subject. To support this method with detailed guides, practices, and even theories about the mind. It's not like you can't already tell lies. You can! As a matter of fact you already possess the tools to become a lie detection expert. All you need is more...

### Reviews

*This composed ebook is wonderful. It really is written in basic words rather than hard to understand. You may like the way the writer composed this pdf.*

-- **Ryder Nolan**

*This book can be well worth a go through, and a lot better than other. It is written in simple words and phrases and not confusing. It's been printed in an exceptionally simple way in fact it is merely right after I finished reading through this pdf by which basically changed me, modified the way I think.*
