Heatwole, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.In this book certain secrets of prophecy are revealed. It explains why church history is the way it is. It explains the rise and fall of empires. It predicts specific future events. And puts forward a bold vision of the future. Do not expect the usual end times hype - this book is totally unlike that. If you live in NYC, DC or LA, reading this book may save your life. If you live in Israel, reading this book may save your life. If you live in the Middle East, reading this book may save your life. And if you are a Catholic in Europe, reading this book may save your life. But no, it is not about predicting the end of the world. The world today is dark and dangerous. This decade will see warfare, nuclear holocaust, divine judgment and one massive supernatural event. But once the darkness of our time has come to a violent end, a new and glorious day will dawn. All of that can be seen by reading and understanding the prophecies. Bible prophecy includes the rise and fall of the German reichs, the rise of Great Britain and the loss of its colonies, the rise of the Soviet Union, the rise of the United States, the race to the moon, the Vatican and the last of the popes, Rome and the eventual Nova Roma, and of course the founding of Israel. Not one part of history, or the future, is not at least touched by Bible prophecy. Pick up this book to discover what has always been right in front of you - not seen until now - and look at everything...
