

## Pursuing the Endless Frontier: Essays on MIT and the Role of Research Universities (Hardback)

---

By Charles M Vest

MIT Press Ltd, United States, 2004. Hardback. Book Condition: New. New.. 206 x 140 mm. Language: English . Brand New Book. In his fourteen years as president of MIT, Charles Vest worked continuously to realize his vision of rebuilding America's trust in science and technology. In a time when the federal government dramatically reduced its funding of academic research programs and industry shifted its RD resources into the short-term product-development process, Vest called for new partnerships with business and government. He called for universities to meet the intellectual challenges posed by the innovation-driven, globally connected needs of industry even as he reaffirmed basic academic values and the continuing need for longer-term scientific inquiry. In *Pursuing the Endless Frontier*, Vest addresses these and other issues in a series of essays written during his tenure as president of MIT. He discusses the research university's need to shift to a broader, more international outlook, the value of diversity in the academic community, the greater leadership role for faculty outside the classroom, and the boundless opportunity of new scientific and technological developments even when coupled with financial constraints. In the provocative essay *What We Don't Know*, Vest reminds us of what...
