A child's first years are a time to cherish, but they often fly by in a haze of diaper changes and play dates. My Book of Firsts with Sophie la girafe captures more than 85 of baby's important milestones and continues the adventure into the early school years: First night in the crib, and first night in a big kid bed. First laugh, and first words. First time crawling, and first time with a babysitter. First trip to the park, and first favorite book. First day at school, and much more! Complete with an adorable die-cut magnetic closure in the shape of Sophie, this compact journal is brimming over with sweet and engaging questions (What did your baby's first outfit look like?), plus space for photos and mementos (such as your child's first doodles, signature, and party invitation). It's the perfect family treasury of every special first whether silly, serious, or surprising!.

A very awesome book with perfect and lucid reasons. It really is basic but shocks within the 50 percent of the book. Its been designed in an exceptionally easy way and is particularly merely right after i finished reading this ebook where in fact changed me, change the way i think.
