Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from *The Naturalist in Siluria, (Herefordshire, Radnorshire, Brecknockshire and Glamorganshire)* This new book is a departure from the class of literature by which Captain Reid made his name famous. It was left in MS. at his death in 1883, and not until 1889 did his widow place it in the hands of a publisher. Any careful reader of Captain Mayne Reid's *Tales of Adventures* will have discovered that his strongest point is his vigorous and accurate description of Natural Scenery: Therefore, when he retired from his travels and London Society to Penyard Grange, in the lovely valley of Woolhope, not far from the city of Hereford, it was only a matter of course that the old Indian hunter should take to the woods and fields, and devote his leisure to the study of Natural History - examples for which existed so abundantly in his immediate neighborhood. A more ardent lover of nature than our author it would be hard to name - not even excepting the celebrated Gilbert White, of Selbourne. The district in which he made his observations is indicated in the title of his book, *Siluria*, concerning which we quote from Camden's *Britannia*: Ptolemy says the Silures inhabited those countries which the Welsh call by one general name, *Dehubarth*, or the southern part; branched at this day into new names - Herefordshire, Radnorshire, Brecknockshire and Glamorganshire. Professor Murchison revived the forgotten name of the tribe of ancient Britons by naming the palaeozoic rocks discovered in that locality *Silurian*, a term which has been adopted by all geologists in describing this particular strata - no matter where discovered.
