Reviews

This ebook will never be effortless to get started on studying but extremely fun to read through. It is actually written in easy phrases and never difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

ELM Grove Publishing, United States, 2015. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.An intensely private collection of love poems and prose written over a time span of more than half a century, through the courtship, marriage and ultimately grief at the loss of one man's lifetime love and soul mate. Enchanting, powerful and evocative, Postcards to Shirlaine will make you smile and it will make you cry. Anyone who has experienced the joy of true love and the grief of losing someone will find empathy and solace in this very personal tribute. Though intensely personal, a few friends and family urged me to let my verse be published because in some ways it expresses moments in their lives too. I was reluctant at first, but agreed in the hope that it may comfort those mourning a loved one by helping them see that anguish and confusion are normal and human, and that grief is not an illness to be cured or an injury to be healed, but an expression of enduring love. - R.E.B.
